St Mark's Community School Video Conferencing - Student Agreement You must think of a Google Hangout as a normal classroom where school rules apply including the Code of Behaviour, AUP, your Digital Promise and this agreement. Remember, you have the right to keep your microphone muted and your camera off if you choose. You can use the message feature if you prefer not to speak.

St Mark's Community School Video Conferencing Protocols These protocols have been developed for the current emergency situation as this area is not covered adequately in our AUP and Student Digital Promise. We have a responsibility to ensure that security and privacy are protected in all our communications. We only use Google Hangout when video conferencing with students.
